

# Who We Are

**Action is a growth-oriented, leading provider of specialized transportation and environmental services. These services include specialty chemical, hazardous waste and heavy-haul transportation, freight brokerage, industrial cleaning and a broad range of environmental remediation services.**

As an asset and non-asset services provider, we transport the most hazardous, heaviest and largest products. We clean up the dirtiest plants, messiest spills and nastiest environmental sites. The Harder the Better. Our people are ethical, experienced and environmentally conscious entrepreneurs committed to getting the job done right for our customers safely, the first time, every time.

Action's hybrid model utilizes a network of experienced agents and company-owned assets to provide services to customers in the manufacturing, oil and gas, power generation, and environmental industries. Action successfully develops and maintains long-term relationships with customers who value Action's proven track record for industry leading execution and customer service.
